Re: Permit Renewal Notification

Dear Mr. Spain:

Section 382.055 of the Texas Clean Air Act, Texas Health and Safety Code, Chapter 382, and Title 30 Texas Administrative Code (30 TAC) § 116.314(a), requires the Texas Commission on Environmental Quality to notify the permit holder when a permit is scheduled for renewal. Please apply for review of your permit renewal no later than November 9, 2025, using the application form available at the Web address below. Failure to submit your application prior to the expiration date may result in expiration of this permit.

Company Name - Nibco Inc.
Customer Reference No. - CN601286990
Regulated Entity No. - RN102510898
Permit No. - 219
Permit Expiration Date - May 9, 2026

If Permit Number 219 is no longer needed (e.g.; permit consolidation, plant dismantled or shutdown, etc.) then complete a void request in STEERS ePermits at www3.tceq.texas.gov/steers/. You will need to submit an application for a permit renewal which can be found at the Texas Commission on Environmental Quality (TCEQ) Web site: www.tceq.texas.gov/permitting/air/guidance/newsourcereview/nsrapp-tools.html. After receipt of a completed application, you will be notified of the requirements and procedures for public notification. You may disregard this notification letter if a renewal application has been submitted and is currently being processed.

Subject: RE: Renewal Notification for Registration 219 – Please Verify Receipt

Karleigh,

I wanted to let you know that Tom Spain retired from NIBCO last year and the new EHS contact is Randy Godsey. I forwarded the renewal notification to him, and we acknowledge receipt, so a certified letter does not need to be sent. We will be sure to submit a timely renewal prior to the November 9, 2025 deadline.

Thank you,
Kathy
