This is an acknowledgement that Data Foundry, LLC has submitted a form APD-CERT to certify emissions for the Tx Hou 2, Houston, Harris County. The purpose of this certification is to establish enforceable emission rates below state and federal rule thresholds and triggers. The company is held to their certified hourly and annual emission rates and must revise the certification if the facilities exceed the certified thresholds.

Be advised that no review has been done by the TCEQ to verify that the certified emission rates are accurate. If a complete technical review is preferred, please submit the proper registration form, PI-7-CERT, and the appropriate fees to receive a response in writing by the TCEQ.

As a reminder, regardless of the authorization mechanism, all facilities must be in compliance and operate in accordance with all rules and regulations of the TCEQ and the U.S. Environmental Protection Agency. Records must be maintained in accordance with 30 Texas Administrative Code § 106.8.

This action is taken under authority delegated by the Executive Director of the TCEQ. If you need further information or have questions, please contact the Rule Registrations Section at (512) 239-1250 or write to the Texas Commission on Environmental Quality, Office of Air, Air Permits Division, MC-163, P.O.
