

**Plain Language Summary for New Source Review (NSR) Initial
Application for Air New Source Review Permit Number [#####]**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Cloudburst Data Centers, Inc. (CN931935) has submitted an application for initial permit number [#####]. The Cloudburst will operate a Data Center at 2955 Francis Harris Ln, New Braunfels, Comal County.

This permit will authorize the install and operation of lean-burn natural gas fired engines for the generation of onsite electricity to support data center operations. Cloudburst has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)

The new facilities will be controlled by *SCR and CO Catalyst Systems to reduce NOx emissions.*
