CENTRAL FILE ROOM

Dear Air Section Manager:

Building Materials Investment Corporation doing business as GAF Materials Corporation (GAF) owns and operates an asphalt roofing production facility located in Dallas, Texas (Dallas Plant). The Dallas Plant operates under New Source Review (NSR) Permit No. 7711A, issued on April 20, 2018 and Federal Operating Permit No. O-2771 issued on October 9, 2019.

With this submittal, GAF included the following three submittals that satisfy the reporting requirements for the MACT Subpart AAAAAAA and Title V program:

- ▶ MACT Subpart AAAAAAA Semi-Annual Compliance Certification (Reporting period from January 1, 2021 to June 30, 2021)
- ▶ Title V Semi-Annual Deviation Report (January 1, 2021 to June 30, 2021)

MACT SUBPART AAAAAAA SEMI-ANNUAL COMPLIANCE CERTIFICATION REPORT

The EPA issued the MACT Subpart AAAAAAA rules (National Emission Standards for Hazardous Air Pollutants for Area Sources: Asphalt Processing and Asphalt Roofing Manufacturing) on November 16, 2009. The GAF Dallas Plant is subject to the MACT Subpart AAAAAAA for Line 1 and Line 3. The emission units subject to this subpart include:

- ▶ EPN 8: Thermal Oxidizer (TO) - controls emissions from asphalt tanks and blowstills
- ▶ EPN CFL: Coalescing Filter Mist Elimination Systems (CFL) - control emissions from the Line 1 and Line 3 Asphalt Coaters
- ▶ EPN 34: Electrostatic Precipitator (ESP) as backup to CFL

Air Section Manager - Page 2
July 20, 2021

In accordance with 40 CFR §63.11564(b), each semi-annual compliance report must be postmarked or delivered no later than July 31 or January 31, whichever date is the first date following the end of the semi-annual reporting period. With this letter, GAF is submitting the compliance report to demonstration compliance with MACT Subpart AAAAAAA for reporting period from January 1, 2021 to June 30, 2021. The detailed compliance demonstration is included in Attachment 1.

TITLE V PERMIT SEMI-ANNUAL DEVIATION REPORT

There were no deviations at GAF Materials Dallas Plant during the reporting period from January 1, 2021 to June 30, 2021. The certification by Responsible Official (RO) (Form OP-CRO1) is provided in Attachment 2.

If you have any questions or comments, please contact Ms. Latha Kambham with Trinity Consultants at (972)-661-8100.

Sincerely,

Wayne Scott
Plant Manager

ATTACHMENT 1. MACT AAAAAAA COMPLIANCE REPORT

MACT AAAAAAA Compliance Report is included in this Attachment.

▶ *Per 40 CFR (§) 63.11564 (b)(1),*

(b) You must submit a compliance report as specified in paragraphs (b)(1) through (b)(4) of this section.

(1) If you are using a control device to comply with the emission limits, the compliance report must identify the controlled units (e.g., blowing stills, saturators, coating mixers, coaters). If you are not using a control device to comply with the emission limits, the compliance report must identify the site-specific process operating parameters monitored to determine compliance with the emission limits.

GAF Dallas Plant is using the following three control devices to comply with the emission limits:

- EPN 8: Thermal Oxidizer (TO) - controls emissions from asphalt tanks and blowstills
- EPN CFL: Coalescing Filter Mist Elimination Systems (CFL) - control emissions from the Line 1 and Line 3 Asphalt Coaters
- EPN 34: Electrostatic Precipitator (ESP) as backup to CFL

▶ *Per 40 CFR (§) 63.11564 (b)(2),*

(2) During periods for which there are no deviations from any emission limitations (emission limit or operating limit) that apply to you, the compliance report must contain the information specified in paragraphs (b)(2)(i) through (b)(2)(v) of this section.

(i) Company name and address.

(ii) Statement by a responsible official with that official's name, title, and signature, certifying the truth, accuracy, and completeness of the content of the report.

(iii) Date of report and beginning and ending dates of the reporting period.

(iv) A statement that there were no deviations from the emission limitations during the reporting period.

(v) If there were no periods during which the CPMS was out-of-control as specified in § 63.8(c)(7), a statement that there were no periods during which the CPMS was out-of-control during the reporting period.

Company Name: Building Materials Investment Corporation

Address: 2600 Singleton Boulevard, Dallas, TX 75212

Responsible Official name: Wayne Scott

Title: Plant Manager

Date of Report: July 20, 2021

Reporting Period: January 1, 2021 to June 30, 2021

There are no deviations from the emission limitations during the reporting period from January 1, 2021 to June 30, 2021. The CPMS units were always in control during the reporting period.

► *Per 40 CFR (§) 63.11564 (b)(3),*

(3) For each deviation from an emission limitation (emission limit and operating limit), you must include the information in paragraphs (b)(3)(i) through (b)(3)(xii) of this section.

(i) The date and time that each deviation started and stopped.

(ii) The date and time that each CPMS was inoperative, except for zero (low-level) and high-level checks.

(iii) The date, time and duration that each CPMS was out-of-control, including the information in § 63.8(c)(8).

(iv) The date and time that each deviation started and stopped, and whether each deviation occurred during a period of startup, shutdown, or malfunction or during another period.

(v) A summary of the total duration of the deviation during the reporting period and the total duration as a percent of the total source operating time during that reporting period.

(vi) A breakdown of the total duration of the deviations during the reporting period into those that are due to startup, shutdown, control equipment problems, process problems, other known causes, and other unknown causes.

(vii) A summary of the total duration of CPMS downtime during the reporting period and the total duration of CPMS downtime as a percent of the total source operating time during that reporting period.

(viii) An identification of each air pollutant that was monitored at the affected source.

(ix) A brief description of the process units.

(x) A brief description of the CPMS.

(xi) The date of the latest CPMS certification or audit.

(xii) A description of any changes in CPMS or controls since the last reporting period.

There is no deviation from emission limitations since the GAF Dallas Plant during the reporting period from January 1, 2021 to June 30, 2021. Therefore, this requirement does not apply.

► *Per 40 CFR (§) 63.11564 (b)(4),*

(4) Unless the Administrator has approved a different schedule for submission of reports under § 63.10(a), you must submit each report specified in paragraph (b) of this section according to the following dates:

(i) The first compliance report must cover the period beginning on the compliance date that is specified for your affected source in § 63.11560 and ending on June 30 or December 31, whichever date is the first date following the end of the first calendar half after the compliance date that is specified for your source in § 63.11560.

(ii) The first compliance report must be postmarked or delivered no later than July 31 or January 31, whichever date follows the end of the first calendar half after the compliance date that is specified for your affected source in § 63.11560.

(iii) Each subsequent compliance report must cover the semiannual reporting period from January 1 through June 30 or the semiannual reporting period from July 1 through December 31.

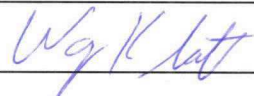

(iv) Each subsequent compliance report must be postmarked or delivered no later than July 31 or January 31, whichever date is the first date following the end of the semiannual reporting period.

Per 40 CFR (§) 63.11564 (b)(4)(iii) and (iv), GAF is submitting the semiannual compliance report to demonstrate compliance with MACT Subpart AAAAAAA from January 1, 2021 to June 30, 2021, by the due to date of July 31, 2021.

ATTACHMENT 2. TCEQ FORM OP-CRO1

**Form OP-CRO1
Certification by Responsible Official
Federal Operating Permit Program**

All initial permit application, revision, renewal, and reopening submittals requiring certification must be addressed using this form. Updates to site operating permit (SOP) and temporary operating permit (TOP) applications, other than public notice verification materials, must be certified prior to authorization of public notice or start of public announcement. Updates to general operating permit (GOP) applications must be certified prior to receiving an authorization to operate under a GOP.
