Dear Mr. Fritsch:

The Texas Commission on Environmental Quality (TCEQ) has completed the technical review of your minor permit revision application and has prepared a draft federal operating permit (FOP) for your final review and approval. The draft FOP and Statement of Basis are available at the TCEQ Web site:

www.tceq.texas.gov/assets/public/permitting/air/Title_V/announcements/table.htm

In accordance with Title 30 Texas Administrative Code § 122.312, minor permit revision applications are required to undergo a public announcement. A list of draft FOPs currently in public announcement is available at the TCEQ Web site:

www.tceq.texas.gov/assets/public/permitting/air/Title_V/announcements/table.htm

The public announcement period will begin December 5, 2023, and end January 4, 2024. In addition, if no comments are received, the U.S. Environmental Protection Agency (EPA) review period will run concurrent with the announcement and will end on January 19, 2024. If comments are received, you will be notified.

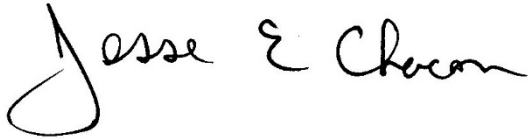

The TCEQ will make the permit application available to the public, local programs, affected states, and the EPA throughout the comment period during business hours at the commission's central office and at the commission's regional office where the site is located.

Thank you for your cooperation in this matter. If you have any questions, please contact Mr. Rick Goertz at (512) 239-1294.
